Five-out: pass, cut & fill

A simple spacing habit. A new decision on every pass.

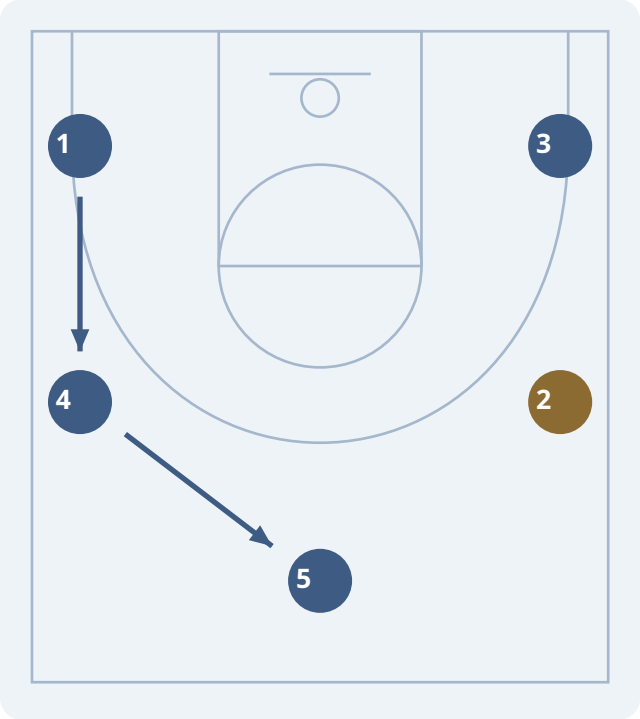

SAMPLE PLAY · FICTIONAL COACH CONVERSATION

1. Pass, then cut

1 passes to 2, cuts hard to the rim, then clears to the opposite corner.

2. Fill the open spots

4 lifts to the wing. 5 fills the top. 2 reads the cut, then moves the ball.

Coaching cues

- Start wide: top, wings and corners.
- Cut with purpose and show a target hand.
- Fill behind the cut; keep the driving lane clear.
- After the next pass, repeat the same pass-cut-fill habit.
